

Miller & Rhoads

"The Shopping Center"

City traffic ordinance forbids parking of automobiles in front of ENTRANCES to department stores, theaters or hotels.

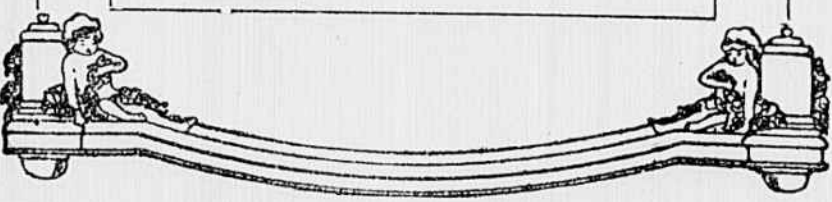

New Dress Goods Are Coming In

This is the season of Arrivals—beautiful new things in big, ugly boxes come to us almost faster than we can open them up and lay them out where you can see.

To-day and to-morrow shoppers at Miller & Rhoads will receive the earliest of the season's impressions—that subtle, elusive something that cries to all the senses, "Autumn, the wonderful style time, is almost here!"

Were You a Customer of George W. Anderson & Sons?

Know then that the rugs you would once have purchased at Anderson's are now waiting for you at Miller & Rhoads. As a competitor, the house of Anderson always held a high place in our admiration and esteem. Particularly envious we were of some of the lines they carried. That is why we took up the lines Anderson's laid down. We did not merely take our choice—we took them all! If YOU were Anderson's customer—be our customer.

ELEVEN CASES OF INFANTILE PARALYSIS IN VIRGINIA

State Health Commissioner Says This Is Not More Than Last Year's Cases Are Being Closely Watched.

Following the discovery in Richmond of a new case of infantile paralysis, said to have been contracted at Peaks, Hanover County, Va., the State Health Department, yesterday, made prompt arrangements for quarantining the household there through local sanitary officers. Two other children of Mrs. H. C. Branch, whose nineteen-month-old son, Wallace, is being treated in Richmond, are being held under observation.

Reports made to State Health Commissioner Williams indicate that there are at the present time in the entire State eleven cases of infantile paralysis. All of them are being closely watched and the source of probable infection investigated.

The situation is not at all alarming, said Commissioner Williams yesterday. "We always have had the disease in greater or smaller numbers. The cases this year are well scattered, and not more numerous than they were last year."

Detailed reports are being received by the department on the typhoid situation. Commissioner Williams was inclined to look upon the situation in the State at large with reference to typhoid, as satisfactory. A report, he said, will be issued by the department in the next day or two.

Statements printed in Richmond last week to the effect that a group of typhoid cases in this city might be traced to an outing at Buckroe Beach, led the corporation owning this resort to apply to the chief health officer of Hampton for an examination and report. Dr. J. Wilton Howe, head of Hampton's health department, found Buckroe Beach to be free of typhoid and the surroundings wholly satisfactory from a sanitary point of view.

BROOKER CASE SET

Government to Proceed Against Mrs. Brooker for Board of Defendants.

Judge Edmund Wallall, Jr., of the United States District Court, yesterday fixed October 1 as the date for hearing the equity suit incident to the sale of certain property named by Mrs. Annie Laurie Brooker as surety for the appearance of her husband, Dr. Joyce D. Brooker, to answer a charge of violating the Harrison anti-narcotic act. Dr. Brooker, whose bond was in the sum of \$2,000, skipped to parts unknown while awaiting trial.

Charged With Disorder. L. Kennedy was arrested yesterday by Police Officer Campden and Flounoy on a charge of being drunk and disorderly on the street. The officers found it necessary to take Kennedy on the way to the station-house, it is said.

CITY WATER NOW SAFE WITHOUT BEING BOILED

Whatever Its Former Condition, Chlorine Now Gives Absolute Bacterial Purification.

LEVY ISSUES STATEMENT
State Sanitary Engineer Concludes After Tests of Water Are Made in Four Separate Laboratories—Four Typhoid Cases Reported.

Fear of a spread of typhoid fever has been abated to such an extent that Dr. E. C. Levy, Chief Health Officer, yesterday pronounced it no longer necessary to boil city water used for drinking purposes.

"For eight days," said Dr. Levy, "the amount of chlorine added to our city water as a final treatment has been sufficient beyond all question to bring about the highest degree of bacterial purification. Tests of the city water from the pumps, as well as from the high pressure and low pressure services, have been made in four laboratories, and these tests are satisfactory. We have not yet determined whether or not any part of our recent typhoid was due to the city water," he continued, "but it is certainly safe at the present time, and with the present method of treatment should be kept so. The Richmond Health Department therefore, records the boiling of water for drinking purposes as unnecessary from this time."

Richard Messer, sanitary engineer of the State Board of Health, has been working with us for the past ten days, and concurs in the above opinion."

FOUR NEW CASES OF
TYPHOID ARE REPORTED
From every standpoint the general situation in regard to the prevalence of typhoid is regarded as satisfactory. That the condition is improved is attested by the fact that the number of blood cultures sent to the department for examination by the City Bacteriologist has greatly fallen off in the past few days, which means that fewer cases will be reported and added to those now on hand.

Four new cases were reported yesterday, bringing the total number now under treatment to 37.

While the condition has greatly improved, there is still a demand for anti-typhoid vaccine, and the department continues to supply it to all applicants at cost, 60 cents for the full dose of these injections.

While it is estimated that more than 10,000 persons have been inoculated, Dr. Levy is anxious to see this number grow, as the treatment furnishes absolute immunity from the disease for from three to five years.

FOREST HILL MANAGERS CLAIM TO BE ADVENTURISTS

But Fail to Convince Justice Maurice They Are Exempt From Provisions of Sunday Closing Law.

R. C. Kithcart, R. H. Plowman, S. S. Puryear and William Harris, operators of amusement concessions at Forest Hill Park, asserted that they were exempt from the Sunday closing law. They were, however, fined \$25 and costs, from which all noted appeals. They had previously been fined twice for the same offense.

TAKING INOCULATION

Street Car Operatives to Be Made Immune From Ravages of Typhoid Fever.

Joining the city-wide fight against typhoid, the Relief Association of the Virginia Railway and Power Company, embracing in its membership practically all of the operators, has begun the inoculation of the members with anti-typhoid vaccine. The treatment is furnished free by the association and the hundreds have already taken their first injections.

While the inoculation is not compulsory, the officers of the association are urging the men to take the precaution. It is up to the City to get the inoculation at stated hours at the general offices of the company, and the William Byrd Park terminal.

SENT ON TO GRAND JURY

Philip Ford Is Held on Charge of Feloniously Shooting His Wife.

Philip Ford was yesterday sent on to the grand jury of the Henrico Circuit Court at the October term to answer the charge of feloniously shooting his wife. The preliminary hearing was held before Magistrate T. J. Puryear. Ford is confined in the Henrico County Jail.

The shooting occurred on the morning of July 5 at the Ford home, just back of Ridge Church, resulting in serious injuries to the wife. A few days later Ford was found to have inflicted a flesh wound on himself before the shooting. Ford had been held before court on a charge of non-support and ordered to set aside a weekly allowance for his family.

Wants Violent Free to Vehicles. Having been successful in having the Marshall Street Viaduct thrown open to the free use of pedestrians, the Administrative Board yesterday adopted a resolution requesting the Virginia Railway and Power Company to extend the same privilege to vehicular traffic.

The commissioners said, since the power company has absorbed the interests of the Richmond Viaduct Company, which was accomplished last month.

Nine Law Violations. Charged with carrying an illegal quantity of powder into a mine near Coeburn, two miners, Fred Hall and Speer Hall, were found guilty by Justice McCarthy, of that town, and fined \$5 each and costs. Warrants against them were sworn out by A. G. Lucas, mine inspector of Virginia, who filed a report of the prosecutions yesterday with Commissioner Doherty, of the State Labor Department.

Four Fingers Injured. Harvie Wyatt, a fifteen-year-old boy living at 621 Belvidere Street, had four fingers on his right hand badly cut in a machine at a local factory yesterday. Ambulance Surgeon Hinckman rendered emergency treatment and conveyed Wyatt to Virginia Hospital, where he was reported as doing well last night.

Sues for Personal Injuries. J. O. Smith yesterday entered suit for \$5,000 in the City Circuit Court for alleged personal injuries against E. K. Victor. He claims that his left hand was permanently injured while operating a saw in the plant of the defendant.

Gives High Praise to Men at Camp

Col. Donaldson, United States Army, Makes Flying Trip to Fair Grounds.

After inspecting Camp Stuart yesterday morning, Colonel Thomas G. Donaldson, of the United States Army, for Post Ayer yesterday afternoon. The inspector was generally complimentary of the sanitary conditions of the camp and of the equipment of the men. Colonel Donaldson was called away rather suddenly by the department a short time after his arrival, and may return later.

Health conditions continue excellent. There are no patients now in the field hospital, and only six in Memorial, out of the more than 1,000 in camp. The exact number within the borders of Camp Stuart is 1,073 men and fifty-nine officers.

Contrary to information received a few days ago at Camp Stuart, the men there who have enlisted for the First and Second Regiments now on the border will not go forward immediately, but will wait until their number reaches 100. There are about thirty men now in camp who expect to go to Texas, and these are being equipped and drilled while waiting. Four recruits arrived yesterday, three for the infantry and one for the cavalry.

THIRTEENTH REGIMENT DRUM TO BE RETURNED

Has Been for Years in Care of Worcester, Connecticut—Carried North by Federal Soldier.

The old drum, by the turn-tum of which the boys of the Thirteenth Virginia Regiment marched into battle against the hosts of the North, and that, since that time, has stirred the souls of President Roosevelt, Taft and Wilson, will, during September, find its way again into the capital of the Confederacy, there to be kept with other relics of the War Between the States in the Confederate Museum.

This is the upshot of a correspondence between Mayor Ainslie and Mayor Wright, of Worcester, Mass., who wrote to the Richmond executive asking to whom could the drum be presented by the Worcester Continentals, a military organization, during its visit to this city in September. Mayor Ainslie has been requested to ask W. Scott, law librarian and a veteran of the Thirteenth, to receive it.

The old drum has been in foreign territory since just after the close of the war, carried North by a Federal soldier, who afterwards became a member of the Worcester Post, Grand Army of the Republic, it was kept at those headquarters for some time. At his death it was sold to a dealer in antique instruments from which it was bought by Dr. Wheeler, chief musician of the Continental corps.

Three companies of the Thirteenth Virginia were from Orange County.

FAKE INSPECTORS AT WORK

Men Without Badges Leave Home of E. S. Goodman When Closely Watched.

E. S. Goodman, 714 Chamberlayne Avenue, reported to the police yesterday that two men had entered his home as representatives of the electric lighting company, come to make repairs on the electric meter, and had separated when they found a member of the household keeping close watch on them. Neither of the men had badges from the company, and it is thought they were endeavoring to work a sneak-thief game, which had come to be rather popular around Richmond. Detectives were hurried to the scene, but were unable to locate the men, who had left Mr. Goodman's home before they arrived.

PLANS FOR ESCALATOR

Miller & Rhoads to Install Moving Stairway—Permit for New Hoan Building.

Miller & Rhoads filed plans yesterday with Building Inspector Butler for the erection of an escalator, or moving stairway, in their store on Broad Street, between the City and the first of its kind in Richmond, will be constructed in the rear of the store, and will lead from the basement to the first floor.

The Building Department issued a permit yesterday to the Hoan Building Company to erect a one-story brick lithographing building on the east side of Randolph Street, between Claiborne and Blair Streets. The estimated cost of the building, which will be of the latest design for its use, affording as much natural light as possible, is placed at \$35,000.

FOR ICE MISSION

Contributions Yesterday of \$11 Bring Total for Summer to \$1,043.53.

Yesterday's contributions amounting to \$11 swelled the funds of the Richmond Ice Mission to the total of \$1,043.53. Although there is a tendency to ease giving for the purchase of ice during a period of more moderate weather, it should be borne in mind that the summer is still far from past, and that the end of heat suffering is not by any means yet in sight. All contributions will be promptly acknowledged by The Times-Dispatch.

Yesterday's contributions were as follows:
Cruse Printing Co., Chatterbox, 1.00
P. H. R. Co., 5.00
H. M. B., 5.00
Received yesterday, 11.00
Previously acknowledged, 1,032.53
Total receipts, \$1,043.53

Will Complete Fund. The movement to secure subscriptions to stock in the Richmond, Rapidan and Northern Railway is expected to be completed at a meeting called for 3:30 o'clock Friday afternoon in the auditorium of the Chamber of Commerce. Chairman T. M. Carrington has called all members of the committee who have undertaken to raise the money to attend the meeting.

Holding Revival Meetings. Old-fashioned revival meetings are being held every night in the new chapel on the Broad Road, near Hull Street, South Richmond, under the direction of Miss Annie D. Roane and Anna B. Steele.

Lawn Party Postponed. The lawn party which was to have been held last night at the Church of the Holy Comforter has been postponed until to-night because of inclement weather.

On Board of Girls' Home. S. P. Waddill and Burnett Lewis, both of this city, were appointed by Governor Stuart yesterday as members of the board of directors of the Virginia Home and Industrial School for Girls for six-year terms, beginning August 1, 1916.

FUNDS PROVIDED FOR HOWITZERS' ARMORY

Board of Aldermen Disposes of Its Last Docket Before Going Out of Office.

WILL ENTERTAIN BROTHERHOOD
City Appropriates \$1,500 for Railway Men's Convention—Use of City Water Is Granted to Several Non-residents.

Many measures adopted by the Common Council were concurred in last night at the last regular session of the Board of Aldermen, before the terms of the present members expire on August 31.

Among the more important matters, which will now go to Mayor Ainslie for his approval, will be the following:

Directing the City Attorney to acquire land for the enlargement of the Howitzers' Armory, North Eighth Street, and appropriating \$27,061 for the purpose.

Allowing the Richmond, Fredericksburg and Potomac Railroad to construct spur tracks between Marshall and Tilden Streets, from Tilden Street to High Point Avenue.

Appropriating \$10,000 to the account of discount and interest. Directing the Administrative Board to pay \$350 to Bolton, Clarke & Pratt for the survey of Riverside Drive.

Directing the City Attorney to acquire sewer rights in Highland Park through the property of the Richmond Sand and Gravel Company at a cost of \$15,000.

PROVISION TO ENTERTAIN
LOCOMOTIVE ENGINEERS
Appropriating \$1,500 for the entertainment of delegates who will be here to attend the convention of the Southern Association of the Brotherhood of Locomotive Engineers of the United States.

Appropriating \$5,000 for the improvement of Oakwood Cemetery Annex. Recommending ten names to the State Game Department from which two will be selected as game wardens for the city.

Amendment to the city code allowing the Gas Department to levy on real estate for delinquent gas bills in excess of \$5.

Amending the ordinance to prevent peddlers and hucksters from crying their wares except between the hours of 8 A. M. and 7 P. M.

Granting police powers upon M. S. Angle, special agent of the Chesapeake and Ohio Railway Company. Granting the use of city water to the following nonresident applicants: Small Humane Association, Highland Park Addition, Breckinridge Corporation, Junction of Patterson Avenue, Three Chopt Road and Horse Pen Road; C. P. Hasbrouck, near Westmoreland Place, and enlarging the pipes now supplying the residences of E. J. Willis and George Cole Scott.

Granting thirty-day leaves of absence to Police Justice Crutchfield and Justice Maurice, of Police Court, Part II.

APPROVES USE OF FAIR
GROUNDS IN STATE MILITIA
Approving the action of the Administrative Board in converting the State Fair Grounds to the use of the State troops, and appropriating \$20,435.26 to help defray the expense.

Appropriating \$1,500 to widen Broad Rock Road. Directing the City Attorney to acquire from Mrs. Jane H. Duke property on the west side of Hague Street for \$1,200.

Directing the City Attorney to acquire land to open Claiborne and Taylor Streets through to Colonial Avenue, at a cost of \$3,345.60.

Directing the City Attorney to acquire property to open Lombardy Street at Brook Turnpike and the Gordon Road.

The Board adopted a recommendation from the Ordinance Committee amending the building code to allow the erection of frame buildings to a height of three stories, thirty feet, and to build them not less than four feet from the street.

Instead of ten, feet within other structures. This amendment is for the relief of property owners in Glinter Heights and in the Heights and other suburbs in the annexed territory.

HOLY COMFORTER CHURCH CALLS REV. WILLIAM E. COX

Invitation to Become Its Rector Is Extended to Wilmington Minister, Now in Baltimore Hospital.

The vestry of the Church of the Holy Comforter has extended to Rev. William E. Cox, rector of St. John's Episcopal Church, Wilmington, N. C., a call to the rectory of the church, to succeed Rev. A. Vaughan Colston, who resigned on August 1 in that he might devote his entire attention to his duties as archdeacon of the Diocese of Virginia.

Mr. Cox has told the committee from the church which waited upon him some time ago in Johns Hopkins Hospital, Baltimore, where he was recovering from an attack of malarial fever, that he would reach a decision in the matter as soon as possible, if the call were extended him. He is expected to leave the hospital within a short time.

The congregation of the Holy Comforter met the Wilmington rector for the first time last year, when he came here and delivered a talk at the church during the "every member" canvass for missionary contributions. He made a decidedly good impression at that time.

Mr. Cox has been especially active in the Laymen's Missionary Movement in the Diocese of East Carolina, and is in the prime of life.

Gans-Rady Company

Accident Happens on Williamsburg Road Below Seven Pines—Mrs. Jones Is Brought to Memorial Hospital.

MRS. EDITH JONES INJURED
IN AUTOMOBILE ACCIDENT

Her Husband Is Placed Under Arrest on Charge of Reckless Driving.

TOURING CAR TURNS TURTLE

Accident Happens on Williamsburg Road Below Seven Pines—Mrs. Jones Is Brought to Memorial Hospital.

Mrs. Edith Jones, of Norfolk, is in the Memorial Hospital suffering from severe injuries and her husband is held prisoner in the Henrico County Jail on a charge of recklessly driving an automobile, as the result of an accident which occurred yesterday morning about 5 o'clock on the Williamsburg Road, about two miles below Seven Pines.

An X-ray picture taken at the hospital during the afternoon revealed the fact that Mrs. Jones had sustained a broken jaw on both sides. She was reported last night as resting as well as could be expected. The physician thinks she will remain in the hospital for several weeks at least.

The automobile, a big seven-passenger touring car, is a complete wreck. When Chief of Police T. Wilson Seay reached the scene of the accident, he found the machine turned completely over, the top resting on the ground and the wheels dangling in the air. Broken whisky bottles were in the wreckage.

MRS. JONES BROUGHT
TO MEMORIAL HOSPITAL
J. D. Lytch, who had followed the party from Norfolk on his way to Atlantic City, brought Mrs. Jones and her husband to the Memorial Hospital, where the injured woman was placed under the care of physicians, and minor injuries about the husband's face were treated. Here Chief Seay arrested Jones. Later, when the man exhibited an automatic pistol, a warrant was sworn out charging him with carrying a concealed weapon.

Jones explained the accident by saying that the steering gear suddenly went wrong while he was proceeding toward Richmond at the leisurely rate of twenty miles an hour, causing the car to turn into two complete somersaults and to throw him, his wife and H. L. Bradley, another occupant of the car, clear of the wreckage. The road at that point is entirely level.

Lytch was also cited to appear before the magistrate to answer a charge of speeding. The cases probably will be heard to-day.

FIRES AT BURGLAR

Paul M. Allen Discovers Intruder Attempting to Enter His Home by Rear Window.

Paul M. Allen, of 328 State Street, returned from a meeting of his family some lodge Monday night just in time to prevent a burglar from entering his home. When Mr. Allen reached his house, about 11 o'clock, he heard a noise of some one trying to open the shutter of a room in the rear. Mr. Allen fired several shots with his revolver at the intended burglar, who fled. Other persons saw the man retreating, and Mr. Allen's brother, coming in soon after the occurrence, noticed some one in the neighborhood behaving as if he had been wounded.

Inexpedient to Grant Water Permits. The Council Committee on Public Buildings, Properties and Utilities last night received a communication from the Administrative Board forwarding papers from City Attorney Pollard and Superintendent Davis, of the Water Department, declaring it inexpedient to continue to grant applications of nonresidents for city water service. The committee tabled the papers.

Interfering With Women Charged. J. E. Rooney was arrested yesterday afternoon by Policeman Sneed on a charge of interfering with women on the street.

Delegates Appointed. Six delegates from Virginia were appointed to the Governor yesterday to attend the annual meeting of the American Institute of Criminal Law and Criminology which will be held at Chicago August 22.

Commissioners Issued to D. T. Anson, Norfolk; Stephen B. Quillin, Lebanon; W. C. Carrington, Charlotte; Court House; F. W. Morton, Pulaski; R. K. Brooks, Raleigh, and Samuel G. Brent, Alexandria.
